

Angela Barnes

Learning &
Development
Specialist

The Professional

Hello, it is nice to meet you! I am a learning and organizational development specialist, most recently focused on leadership development. I often refer to myself as an instructional design fiend because I love writing and organizing material, creating visuals, and bringing clarity to information. I am especially skilled at being able to look at the big picture and then go granular to define every task needed to achieve the desired results.

I am creative, analytical, organized. In my approach to learning design, facilitation, and leadership development, I am professional, polished, yet engaging and relatable.

How can I help you succeed?

SKILLS

Education / Certifications

- **Master of Science in Education**
Purdue University

- DDI Certified Facilitator

Leadership Development Manager

Expert in building skills, behaviors, and readiness for leaders.

Corporate Trainer

Known for delivering dynamic, engaging session that connect with the audience and translate into learning.

Senior Instructional Designer

Creator of visually compelling eLearning and instructor-led experiences that drive learners to engage.

THE PERSON BEHIND THE PROFESSION

AVID TRAVELER

I have been lucky enough to live, work, and travel recreationally across a lot of Europe.

But a lot is not enough! I yearn for passport stamps and memories galore!

MUSIC LOVER

Whether it is listening to my extensive digital collection, spinning a growing vinyl collection, or grooving to live music at almost any kind of venue, music is a near constant in my life.

If you don't know the words, make 'em up!

BAKING EXTRAORDINAIRE

I love to create and that extends into the kitchen with all things sweet.

If there is a gadget, tool, specialty pan, or sprinkle you can be sure I have it, or want it!
